*A family run private dental practice in the heart of London, providing routine & specialist dental care*

We offer an extensive range of treatments, from implants to tooth whitening, which can help give you a confident smile.

To enable us to treat all aspects of dentistry to a high standard the practice includes dentists who have undertaken further specialist training.

We accept referrals from your own dentist for oral surgery, implants, periodontal disease and endodontics (root canal).

## Prevention & Hygienist

Dental disease is preventable and we are keen to show you how to do this. It is important to learn good cleaning techniques and have a healthy diet to prevent gum disease and tooth decay.

Regular attendance can help keep your mouth healthy and maintain your smile.

## Anxious & Phobic

Modern dentistry isn't painful however for the very anxious we offer intravenous sedation. This can make treatment a pleasant, relaxing experience.

## Emergency Treatment

If you are in pain we will always see you the same day, even if you are new to the practice.

For our registered patients we operate an out of hours emergency service. You may not see your usual dentist but we will aim to deal with the immediate problem.

Simply dial 020 7405 2736.
